

August 27, 2008

**Notice of One Year Suspension of the Alaska State Motor Fuel Tax**

Alaska Qualified Dealers:

The suspension is effective September 1, 2008 through August 31, 2009. The suspension applies to all fuel types and uses. You will still be required to continue filing your tax returns during the suspension period because we are obligated to report Highway usage to the Federal Highways Administration (FHWA) to continue receiving federal highway funding.

If you have any questions about the motor fuel tax suspension or how to file Motor Fuel Tax returns, please contact one of the following:
